

**FOR IMMEDIATE RELEASE  
GREAT DISCOUNTS FROM HOMES FOR HEROES®**

**Homes for Heroes® offers *large* savings to local heroes when buying or selling a home: For buyers, add this credit to other incentives, like low interest rates ...makes now the best time to buy!**

(Bayside, NY – March 1, 2011) - With the spring housing market almost here, *Homes for Heroes* is gearing up to serve as many heroes as possible. *Homes for Heroes* aims to close the gap between the cost of housing and buyers in the following groups: *military personnel, police officers, firefighters, teachers, first responders and others* who serve our community and nation.

*Homes for Heroes* is celebrating its ninth year of bringing big savings to everyday heroes. Inspired by the hometown heroes who serve and protect their communities and our country, a partnership of realtors, mortgage lenders, title companies, and appraisers created *Homes for Heroes, Incorporated*. This collaboration of real estate professionals' sole purpose is to offer savings when buying or selling a home.

*Homes for Heroes* has already served hundreds of local heroes including a Police Sergeant who said, "*This is not a gimmick. There is no extra paper work or special guidelines or income limits. Homes for Heroes is comprised of full service real estate, mortgage and title company professionals, who have long established reputations. Both the sale and the purchase of my home went off without a hitch. Homes for Heroes saved us nearly \$5000.00 at closing. When raising a young family, every penny counts! I would definitely recommend this program to my fellow officers.*"

*Homes for Heroes* affiliates offer significant rebates and discounts on Real Estate Services, and are continually negotiating further discounts on an array of products and services for our clients to enjoy long after the closing.

If you would like more information about *Homes for Heroes*, or to schedule an interview, please call Kevin Lyons, New York Regional Director at 646-535-1741 or email [NYheroes@gmail.com](mailto:NYheroes@gmail.com).

## What is Homes for Heroes?

Homes for Heroes is a community-minded company whose purpose is to provide real rebates and real discounts for workforce heroes who are buying or selling a home. Our founders looked around and saw that many of the important people who made it possible for us to live in our communities could not afford to buy homes in our communities. So, instead of talking about it, they decided to do something about it.

## Mission Statement

Our mission is to provide extraordinary savings to local heroes who provide extraordinary services to our community every day.

## Who qualifies as a hero?

Workforce heroes include but are not limited to: military personnel, teachers, firefighters, peace officers, healthcare workers and other everyday heroes who provide extraordinary services to the public every day.

## How much will you save?

Savings vary due to the final selling price of your home. Check with your Homes for Heroes Affiliate for a firmer estimate. On a Homes for Heroes mortgage, you will receive your savings in the form of a discount off of fees versus a rebate in the form of a check. **Real discounts for real heroes.**

## What do heroes think of the program?

Here is what some of our Heroes had to say:

“Homes for Heroes counseled us through the very frustrating process of buying a home during a period when most of the inventory for sale is short sales and foreclosed properties. In the end, we found our dream home. Especially now with all the economic uncertainty, we need to save as much money as we can. That is why I would encourage my fellow Police officers and Military brethren to check out the extraordinary service and savings at Homes for Heroes.”

– Steve & Katie, Police Officers

“Homes for Heroes sold my home in one day and for more than I expected. Then they found a home for my wife and me a few days later - our dream home. Both transactions went as smoothly as could be. Then they gave us over \$4,500 at closing! I can't see why anyone in law enforcement or firefighting would not take advantage of this great program.”

– Todd F., Police Officer
